

Standard Offer Terms:

Conditions for attachment and piling:

- Level, stable, pressure and tension-resistant contact surfaces at the attachment points for direct bolting-on and, for sideways piling, along the entire height.
- Necessary piling +0/-15 mm down to a frost-free, firm depth. The concrete must be dry enough for anchoring.
- The foundations must always be designed with due account for the necessary edge distances for bolts.

Conditions regarding rules, regulatory approval, scope of contract, drawing approval and quality assurance.

- It is the duty of the developer, consultant or client to procure licence for the setup of the offered product and to otherwise investigate what rules are applicable to the project at hand.
- All regulatory processing is outside the scope of Weland's contract.
- The scope of Weland's contract extends from the lower side of the base plate(s) / foot of the staircase to the back side of the landing side piece, top step or top of the stringers.
- Unless otherwise specified in our offer, design calculations, if any, are excluded.
- Weland's standard design calculations with reactions to the abutment (calculation of abutment excluded) are available for an additional fee.
- Weland as a supplier is not capable of providing a design project from a state-authorized design calculation engineer.
- A workshop drawing is included in orders with approval. Revisions, if any, are charged.
- To meet the agreed delivery time, drawings shall normally be approved within 1 to 5 working days.

Unless otherwise confirmed in Weland's order confirmation, quality assurance consists of Weland's standard certificate alone.

Conditions for delivery and/or installation by Weland:

- Provision of the necessary unloading space and an access road capable of supporting a 12-tonne lorry all the way to the unloading or installation site, respectively, if the client has opted for installation.
- Where a 12-tonne lorry cannot reach the installation site, time and supplies shall be charged, as consumed, until an alternative site is reached.
- Pallets and pallet collars for DKK 120 / piece net must be expected.
- Where the client would prefer Weland to book transportation, we presume help with unloading with a forklift or the like.
- Where the client has opted for installation, we presume an unobstructed space for supplies and installation tools as well as access to power for connecting work tools.
- Installation is only offered on Zealand, Lolland and Falster, and measuring is only offered for purchases inclusive of installation.
- Unless otherwise specified, measuring, installation and mounting bolts for floors and walls are not included.
- The products are delivered with a separate bolt assembly.
- Weland's General Terms and Conditions of Sale and Delivery apply to all deliveries.

Payment terms:

- Our normal payment terms are net in cash and apply unless otherwise confirmed by us.
- 30 days net can possibly be agreed in exchange for a bank guarantee or in case of sufficient FICO credit max = 2% of the company's equity capital of a profit-making and 0% of a loss-making company, respectively. In other words, credit is not granted in case of a net loss.
- The stated prices are your net prices in DKK, exclusive of VAT.
- Unless otherwise specified, the prices are based on today's date and apply for 40 working days from the offer date.
